

LUNA is a modular furniture system suitable for modern homes and public interiors. The incline of the back makes it comfortable for both, sitting up and laying down. Combined with contrasting decorative pillows, it allows for a variety of visual decisions.

Construction made of wood panels and solid wood gives the furniture exceptional strength. With the built in zig zag steel spring system is achieved a comfortable flexibility and a lasting durability. Polished legs made of solid aluminum. Special use of only eco safe, water-based glues, no odder! The coverslips cannot be taken off.

Seat cushions made of 16cm highly flexible polyurethane, individually shaped cushions. Highly flexible and time resistant. Very high level of comfort in a sitting, and especially in a laying position. Ability to take off the slipcovers.

Back cushions made of silicone fiber with an inside natural cotton coverslip. Hidden zippers and ability to remove the slipcovers.
